

SOLAR for Farm, Home and Business

Thursday, July 16th, 2015

6:00 pm to 9:00 pm

Cape Girardeau County Extension

684 W. Jackson Trail, Jackson MO

- * Learn how solar works—it's components and options
- * Benefits of solar energy
- * What is net metering—working with your utilities to interconnect
- * How do incentives work—tax credits, depreciation, grants available
- * Applying for grants that are available
- * What about passive solar
- * How much solar I need
- * Will utility companies help with your project

Speakers:

Frank Wideman, Natural Resource Engineer, MU Extension

Joel Tatum, Livestock Specialist, MU Extension

Van Ayers, Community Development Specialist, MU Extension
